**Attachments:** tert-butanol\_thyroid section.docx

Attached is a revised section (thyroid) from TBA. This reflects the changes that I believe need to be made to the hazard syntheses.

Martin

Ok. I have to look at the docs. I haven't had a chance to do that.

This will need to be a discussion with Vince. Plus, at Mondays management meeting he offered up new titles. I need to get into ETBE to see what we are dealing with.

## Ex. 5 Deliberative Process (DP)

I hesitate to continue reviewing TBA given the format is so disjointed.

**Subject:** Request for assistance with review of TBA

Hi Marty,

As you may have heard, I was hoping you could help me with the pre-Agency review of the draft TBA assessment. Basically, I am planning to review it word for word but wanted to start pulling in the associates to help out, making sure we cover at least most of our bases as well as trying to sort out any issues, areas of confusion, insufficient support, etc.

I would like to coordinate our reviews in that we both separately review the documents and come together to discuss our comments and what we noticed during our reviews. I would then like to combine our comments and send them to the assessment manager/team/branch chief.

I hope to start my review of ETBE in the few minutes between meetings today and start the TBA review very soon. I can send you the draft TBA documents. I will enter my comments in the word doc as track changes and comment bubbles.

We will likely end up sending ETBE and TBA together to agency review. I don't have a due date but we'll try to send these as soon as we can.

Let me know if you are to do this and if so, would like to chat briefly before getting started.

Thanks!  
Samantha
